Academic Details

o **Full Stack Web Developemet**
Relevel by Unacademy;
(09/2022) – view certificate

Soft Skills

Analytical | Collaborator | Leader | Adaptable

Technical Skills

o **Programming Languages:**
JavaScript, C++ (Basic)
o **Web Development :**
Next.js, React.js, Redux, Tailwind CSS, MUI, Shadcn UI, Node.js, Express.js,
o **Mobile App Development:**
React Native, React Native Expo, NativeWind
o **Backend:**
Node.js, Express.js, Mongoose, MongoDB, Sequelize, MySql

Core Competencies

Software Development Life Cycle

Restful API

Debugging

Web Services

Performance Optimization

System Scalability

Personal Details

Date of Birth: 14th April 1999
Languages Known: English and Hindi
Address: Rampur, Uttar Pradesh

Profile Summary

o **Detail-oriented MERN Stack and React Native Developer** with nearly **2 years of experience** in building and maintaining scalable, high-performance web and mobile applications.
o Proven experience as a **Software Developer** at NUK 9 Information and Flynaut, demonstrating strong technical proficiency in **MongoDB, Express.js, React.js, Node.js**, and **React Native**, contributing to successful end-to-end project delivery.
o Developed and maintained **cross-platform mobile apps** using **React Native**, ensuring smooth integration with back-end services. Optimized performance and stability on **Android**, enhancing user satisfaction and engagement.
o Played a key role in **building RESTful APIs** and developing secure, fast, and scalable **server-side applications** using Node.js and Express.js, ensuring clean and modular codebases
o **Enhanced performance and reliability** of web applications by optimizing database queries, implementing efficient APIs, and improving application scalability, resulting in a significant reduction in system response times
o Continuously expanding expertise in emerging technologies, contributing to both **front-end and back-end development**, ensuring seamless and innovative product releases.

Work Experience

Software Developer Engineer
The Tann Mann Gaadi, Remote   **Apr 2024 – Current**

Responsibilities:
o Designed and implemented a Monitoring System in Django to enhance edge server health monitoring and alerting capabilities.

Software Developer Engineer | MERN Stack Developer
NUK 9 Information, Mumbai   **Mar 2023 – Mar 2024**

Responsibilities:
o Streamlined edge server monitoring processes, resulting in an improvement in system uptime and performance.
o Collaborated with cross-functional teams to ensure smooth integration of technologies, improving system efficiency and scalability.

Achievements:

o Streamlined edge server monitoring processes, resulting in an improvement in system uptime and performance.
o Recognized as the best performer in the team for 2023Q4, showcasing dedication and excellence in software development.

Software Developer Engineer [Internship]
Flynaut SaaS Private Limited, Mumbai   **Sep 2022 – Feb 2023**
